

Health and Safety General Policy Statement, Roles, and Responsibilities

PH_CW_HS_002 Rev 5

HEALTH AND SAFETY AT WORK ETC. ACT 1974

Penny Hydraulics is a privately owned manufacturer located in the Derbyshire town of Clowne in the United Kingdom. Operations include the design, manufacture, installation, and service of lifting equipment. Its main product ranges are lorry loading cranes, goods lifts, chandelier winches and bespoke materials handling equipment for the nuclear industry. Whilst providing these services we are committed to the following policy:

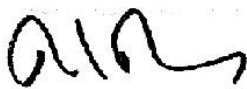

It is our Company policy to ensure all possible steps are taken to ensure the health and safety of all persons who may be affected by our activities. In order to achieve this the Company will:

- Operate as a minimum to the requirements of the ISO 45001 standard.
- Provide a healthy and safe working environment for its employees, contractors & visitors to prevent injury & ill health.
- Commit to consultation and participation of workers, and their representatives.
- Seek to communicate effectively on all issues concerning health and safety.
- Provide equipment that is suitable and without risks for use at work.
- Provide training, instruction, information, and supervision to our employees to enable them to carry out their job competently.
- Monitor the implementation and effectiveness of the policy, the methods, and systems, and commit to the process of continual improvement, and will seek to maintain high standards of health and safety, by eliminating hazards to reduce risk.
- Commitment to fulfil all legal obligations and other requirements as applicable.
- Review the policy as necessary and at the very least, on an annual basis.
- Liaise with and obtain health and safety advice from our external health and safety advisors.

The Company recognises that the effective implementation of this policy depends on the co-operative efforts of all employees.
